## **TO WHOM IT MAY CONCERN**

### **ARTZ AFRICA**

This letter serves to confirm that as former Curator of the City of Mbombela, and from time to time Curator for various exhibitions at the Mbombela Art Gallery, as well as co-curator for Innibos Arts Festival, I have worked with Ms Deanne Kim and her group of artists from Artz Africa several times during art exhibitions.

The work Artz Africa does amongst artists from rural areas to help them develop their artistic skills, and to assist them to sell their works, is of an incredible high standard.

Any form of financial assistance to this organization to continue with their good work will be highly appreciated.

Kind regards

Marietjie Henning
